

## Information on Shipping Overseas

### Precious works made in Craft House's hands-on experiences can be sent overseas.

Works made through the glass blowing experience, electric pottery wheel experience, hand-thrown pottery experience, and pottery painting experience can be shipped overseas.

We are unable to handle overseas shipping of works created through other experiences or shipping of purchased products.

Unlike parcel delivery within Japan, the shipments will be treated as trade. Import and export restrictions of the relevant countries will apply.

※Delivery to destinations will be by partner companies in the destination country/region, such as UPS.

※In some countries, the delivery recipient may be asked to pick up the parcel at the airport.

In this case, our responsibility for transport will extend only to the time of handover of the parcel at the airport.

### Please note that we are unable to ship to the following countries.

**Asia : China, the Philippines, Mongolia, India**
